SOURCE

1. The Prefabrykacja Iron and Steel Processing Plant at 26 ul. Anielewicza, Warsaw, was erected on the ruins of the former Warsaw Ghetto in late 1948. It first consisted of three sheds and was later increased to about 20 sheds occupying an area of about 3 square km in 1950 and 1951. It was heated by a long-distance heating installation.
2. The plant produced sections, rails, fish plates, heaters, building materials of all types and similar items. In 1952, the labor force was 3,500 to 4,000 persons.
